FENCING INTERNATIONAL CAMPS

LA CHAUX-DE-FONDS
SWITZERLAND
18-25 FEBRUARY 2012

WELCOME

La Chaux-de-Fonds, site registered in the UNESCO World Heritage, is a town located about 1000 meters above the sea level. The town is rebuilt on a grid plan at the nineteenth century for the need of the watch making. The town is very well known for its “urban watchmaker” that reflects the needs of a mono-industrial manufacturing, mixing housing and shops. This type of American architecture is very original in Switzerland. La Chaux-de-Fonds is an exceptional town at the heart of the Watch making’s world.

EVENTS

- 1883 Fondation of the Society
- 1974 – 1975 – 1976
Several medals at the world championships and Olympic games
- 1977 Patrice GAILLE, bronze medal at the world championship foil
- 1980 The emergence of many young talents
- 1988 Michel POFFET, André KUHN & Patrice GAILLE at the Olympic Games of SEOUL
- 2010 Salle d’escrime de La Chaux-de-Fonds
- 2010 BRUNNER Pauline 12th place at the world championship cadet and 9th place at the first young Olympic games.

The SECH takes up the challenge of the precision and the quality. This camp of a week in complete immersion in the fencing world with others activities included, specifics to the area (cross-country skiing, ice-skating, swimming, walking with snowshoes and cultural events...) is a chance for your fencers’ children to live an enriching experience. This camp offers the possibility to live in the families of Swiss fencers to discover and to share the Swiss way of living. We are sure that your children will leave Switzerland with unforgettable memories. All along the camp, fencers will be supervised and trained by the Fencing Master Hugo Dergal with the help of others assistants according to activities. They will also mix with all of our fencers whose some of them participate at Swiss selections of international tournament.

Instructive and formative in fencing, it’s also a chance to share a human experience in the world of sport. I wish the best for this first edition.
