Prot.n.48/23

To the Presidents of the European Fencing Federations

Dear friends,

after the successful organization of the Europe Cup for Clubs held in Cagliari in 2022, the Confederation's Comex resolved to entrust the Athos Arms Academy with the organization of the Europe Cup for Clubs in Cagliari on 6/7/8 October 2023, reserved for the first and second classified of the National Championship for Clubs of each Federation. If these cannot participate, two Clubs representing their National Federations will be admitted to the competition.

In the 2023 edition the COL will organize 6 matches as follows:

6th October, Women team épée and Men team sabre  
7th October, Women team sabre and Men team épée  
8th October, Women team foil and Men team foil

As can be noticed, the competition will involve the six specialties, giving the event the image that deserves. The organizing committee is already at work to give the participants the best service in terms of reception, transfers and organization of the competition.

Thanks to the support of the Sardinian government, the organizing committee will take care of the board and lodging of the participating teams as better specified in the attached letter, which contains all the informations necessary for any communication and requests for clarification.

Considering that this is an initiative that tends to give our system an image in line with expectations and in order to allow Clubs to organize the away match, please spread this letter
